

Introduction

Our firm, Granite Harbor Advisors, Inc., is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services to clients. Our advisory services include Wrap Portfolio Management and Financial Planning & Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage our Wrap Portfolio Management accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Our firm requires a minimum account balance of \$100,000 to open and maintain an account for our Wrap Portfolio Management service. This minimum account balance requirement may be negotiable.

Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

Additional information about our advisory services is in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/179523>.

What fees will I pay?

You will be charged an ongoing quarterly or monthly fee based on the value of the investments in your account. Our maximum Wrap Portfolio Management annual fee is 1.75%. As your assets increase, the percentage charge results in a higher dollar amount paid to our firm. We therefore have an incentive to increase the assets in your advisory account to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Our maximum flat fee is \$50,000 and our maximum hourly rate is \$500 for our Financial Planning & Consulting service. We may collect an upfront retainer when you sign an agreement and/or charge you when we provide a financial plan or consultation. This upfront retainer will not exceed \$1,200 or be collected more than 6 months in advance.

The custodian that holds your assets may charge a transaction fee when we buy or sell an investment for you. We pay the custodian's transaction fees charged to you for our Wrap Portfolio Management service. The fees for our wrap fee programs are therefore higher than a typical asset-based advisory fee.

You may also pay charges imposed by the custodian holding your accounts for certain service costs to maintain your account. Some investments, such as mutual funds, index funds, and exchange traded funds include an expense ratio, which decreases the performance of those investments over time.

In certain cases, we may select third party money managers who will assist us with managing your account. If selected, you will be charged a fee, which will be described to you in their Form ADV and/or agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/179523>.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means:

Our firm's financial professionals include licensed insurance agents who sell insurance products for a commission. They have an incentive to recommend insurance products to you in order to increase their compensation.

Additional information about our conflicts of interest is in Item 10 of our Firm Brochure and Item 9 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/179523>.

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs. TD Ameritrade pays for the first year of our portfolio accounting software provided by Orion Advisor Technology for all new accounts for our firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm does not have a legal or disciplinary history to report, but yes, our financial professionals have legal or disciplinary histories of their own. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.
